**Message from
Managing

Letter to Shareholders

Dear Shareowners, Customers, and Employees,

At Fredun Pharmaceuticals, our vision is to be a global leader in delivering compassionate healthcare. We are driven by the belief that healthcare should be accessible, effective, and affordable for all. Our journey is one of relentless innovation, customer-centricity, and a deep commitment to long-term value creation.

We envision a world where our products reach every corner of the globe, improving lives and creating healthier communities. This year, we have taken significant steps toward that vision. We've expanded our reach, enhanced our capabilities, and laid the foundation for future growth. Our mission is not just to grow, but to grow with purpose—ensuring that our success translates into real, tangible benefits for our customers.

Customer-Centric Innovation

Our customers are at the heart of everything we do. Their needs guide our innovations, from expanding into new markets such as Pet Care, Nutrition, and Cosmeceuticals, to enhancing our existing product lines. We strive to anticipate what our customers will need tomorrow, not just meet their needs today. This forward-thinking approach keeps us ahead of the curve and ensures that we continue to deliver products that truly make a difference.

Long-Term Vision

Our strategy is built on the foundation of long-term thinking. We've made deliberate investments in our infrastructure to convert variable costs into fixed ones. This approach allows us to scale efficiently, reducing costs while maintaining the highest standards of quality. But we don't stop there. We believe that the savings we achieve through efficiency should benefit our customers directly.

Delivering Value to Our Customers

One of our core principles is to pass on the benefits of our growth to our customers. As we scale, we achieve efficiencies that enable us to reduce costs. These savings are not kept within the company—they are shared with our customers in the form of more affordable prices. By doing this, we strengthen our customer relationships, drive loyalty, and make our products more accessible to those who need them most. This is how we create value, not just for our shareowners, but for everyone we serve. I believe long-term value creation for customers should result in long-term value creation for shareowners.

The Path Forward

As we look to the future, our course is clear: continue to expand globally, innovate with purpose, and deliver unparalleled value to our customers. We are on the brink of an exciting new chapter, one that promises sustainable growth, enduring impact, and a legacy of compassionate healthcare.

I want to express my deepest gratitude to our employees for their dedication and to our shareowners for their continued trust. Together, we are not just building a company; we are building a brighter future for all.

Thank you for being part of this journey.

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

As required by Section 102 of the Companies Act, 2013 (the Act), the following Explanatory Statement sets out all material facts relating to the business mentioned under Item Nos. 4 to 9 of the accompanying Notice dated May 07, 2024:

ITEM NO.4:

Pursuant to Section 148 of the Act read with the Companies (Cost Records and Audit) Rules, 2014, as amended from time to time, the Company is required to have the audit of its cost records conducted by a cost accountant in practice. On the recommendation of the Audit Committee of Directors, the Board of Directors approved the re-appointment of M/s. Joshi Apte & Associates (Firm Registration No. 000212) as the Cost Auditors of the Company to conduct audit of cost records maintained by the Company for financial year ending March 31, 2025, at a remuneration of Rs. 1,25,000/- (Rupees One Lakh Twenty Five Lakh only) plus applicable taxes, travel and actual out-of-pocket expenses. In making the decision on the appointment and remuneration of the Cost Auditors, the Audit Committee of Directors considered the Cost Auditors' performance during the previous year(s) in examining and verifying the accuracy of the cost accounting records maintained by the Company. M/s. Joshi Apte & Associates have furnished a certificate regarding their eligibility for appointment as Cost Auditors of the Company. They have vast experience in the field of cost audit and have conducted the audit of the cost records of the Company for previous years under the provisions of the Act. Pursuant to Section 148(3) of the Act, approval by the Members is required for the payment of above remuneration to the cost auditor.

None of the Directors and KMP of the Company and their respective relatives are concerned or interested in the Resolution at Item No. 4 of the accompanying Notice. The Board commends the Resolution at Item No. 4 of the accompanying Notice for ratification by the Members of the Company.

ITEM NO 5 AND 6:

Keeping in view the Company's existing and future financial requirements to support its business operations, the Company needs additional funds. In order to enable the Board of Directors of the Company to borrow monies apart from temporary loans obtained from the Company's Bankers in the ordinary course of business, in excess of paid up capital and free reserves of the Company provided that the total amount so borrowed by the Board shall not at anytime exceed the limit of Rs. 300 Crores/- (Rupees Three Hundred Only) or aggregate of the paid up capital and free reserves of the Company, whichever is higher.

In order to facilitate securing the borrowing made by the Company, it would be necessary to create charge on the assets or whole of the undertaking of the Company. Section 180 (1) (a) of the Companies Act, 2013 provides for the power to sell, lease or otherwise of the whole or substantially the whole of the undertaking of the Company subject to the approval of the Members in this General Meeting.

No Director, Key Managerial Personnel or their relatives are in any way concerned or interested in the proposed resolution of this Notice except to the extent of their shareholding in the Company. The Board recommends the resolution for approval of the Members.

ITEM NO.7:

As per the provisions of Section 185 of the Companies Act, 2013, no company shall, directly or indirectly, advance any loan including any loan represented by a book debt, to any of its Directors or to any other person in whom the Director is interested or give any guarantee or provide any security in connection with any loan taken by him or such other person. However, in order to promote ease of doing business, the entire

Section 185 of the Companies Act, 2013 has been substituted vide Companies (Amendment) Act, 2017 and the same was notified by the Ministry of Corporate Affairs on May 07, 2018. In terms of the amended Section 185 of the Act, a company may advance any loan, including any loan represented by a book debt, to any person in whom any of the Directors of the Company is interested or give any guarantee or provide any security in connection with any loan taken by any such person, subject to the condition that approval of the shareholders of the Company is obtained by way of passing a Special Resolution and requisite disclosures are made in the Explanatory Statement. The management is of the view that the Company may be required to invest surplus funds, if available in any body corporate(s) in which the Directors of the Company are interested, as and when required. Hence, as an abundant caution, the Board decided to seek approval of the shareholders pursuant to the amended provisions of Section 185 of the Act to advance any loan, including any loan represented by book debt, to any body corporate(s) in whom any of the Directors of the Company is interested or to give guarantee or provide any security in connection with any loans/ debentures / bonds etc. such body corporate(s) in whom any of the Directors of the Company is interested up to an aggregate amount of approved by the shareholder of the Company under Section 186 of the Company Act, 2013 over and above the limit of 60% of the paid-up share capital, free reserves and securities premium account of the Company or 100% of free reserves and securities premium account of the Company, whichever is more.

The Board of Directors recommends resolution as set out in item No. 7 for approval of the members of the Company by way of passing a Special Resolution. None of the Directors, Key Managerial Personnel of the Company or their relatives or any of other officials of the Company as contemplated in the provisions of Section 102 of the Companies Act, 2013 is, in any way, financially or otherwise, concerned or interested in the resolution.

ITEM NO. 8:

Pursuant to the provisions of Section 186(3) of the 'Act', where the giving of any loan or guarantee or providing any security or the acquisition of securities exceeds the limits specified in Section 186(2) of the 'Act', prior approval by means of a Special Resolution passed at a General Meeting is necessary. In terms of Rule 11(1) of the Companies (Meeting of Board and its Powers) Rules ('Rules'), where a loan or guarantee is given or security has been provided by a company to its wholly-owned subsidiary or a joint venture, or acquisition is made by a holding company, by way of subscription of securities of its wholly-owned subsidiary, the requirement of Section 186(3) of the 'Act' shall not apply, however it will be included for the purpose of overall limit. In the normal course of business, the Company may be required to give loans or guarantees or make investments in excess of the limits specified in Section 186(2) of the 'Act'.

Pursuant to the provisions of Section 186(2) of the Companies Act, 2013 ('Act'), the Company shall not directly or indirectly: -

- (a) give any loan to any person or other body corporate;
 - (b) give any guarantee or provide security in connection with a loan to any other body corporate or person;
- and
- (c) acquire by way of subscription, purchase or otherwise, the securities of any other body corporate, exceeding sixty percent of its paid-up share capital, free reserves and securities premium account or one hundred percent of its free reserves and securities premium account, whichever is higher.

Accordingly, it is proposed to seek prior approval of Members vide an enabling Resolution to provide loans, guarantees and make investments up to a sum of Rs. 300 crores (Rupees Three Hundred Crores Only) over and above the aggregate of free reserves and securities premium account of the Company at any point of time.

None of the Directors or Key Managerial Personnel of the Company (including relatives of Directors and Key Managerial Personnel) is in any way, whether financially or otherwise, concerned or interested, in the said resolution. The Board recommends the Special Resolution set out at Item No. 8 of the Notice for approval by the Members.

ITEM NO. 9:

The Company has entered into contracts / arrangements /agreements/ transactions with the related parties as per the terms and conditions mutually agreed from time to time, which are in the ordinary course of business of the Company and that the terms and conditions including pricing are at arm's length basis and the same are reviewed by the Audit Committee on quarterly basis.

Further, the Audit Committee at its Meeting held on May 07, 2024 granted omnibus approval for the value of Related Party Transactions to be entered into by the Company during the Financial year 2024-25 which shall not exceed Rs. 1,00,00,000/- (Rupees One Crore Only) per transaction. Such omnibus approval shall be valid upto the end of Financial Year 2024-25

None of the Directors or their relatives, except Mr. Fredun Medhora, Dr. (Mrs) Daulat Medhora and Mr. Nariman Medhora, are concerned or interested, financially or otherwise, in the Resolution as set out at Item No. 9 of the accompanying Notice.

**Directors
Report**

To,
The Members,
Fredun Pharmaceuticals Ltd.

We are honoured to present the Director's Report for the financial year ending March 31, 2024. This report provides a comprehensive overview of your Company's performance, major business developments, and future outlook.

1. Financial Performance

The financial year 2023-24 was marked by significant growth and strategic expansion. Fredun Pharmaceuticals Ltd. continued to demonstrate strong financial resilience and operational efficiency, delivering impressive results across all key metrics:

- **Total Income:** The Company reported a total income of 349.07 crore, an increase of 26.25% compared to 276.5 crore in FY23. This growth was driven by increased sales across our Generics, Nutraceuticals, and Pet Healthcare Divisions.
- **EBITDA:** Our EBITDA surged to 38.90 crore in FY24, up by 31.42% from 29.60 crore in the previous year. This improvement reflects our focus on cost management, operational efficiency, and scaling our business operations.
- **Net Profit:** The net profit after tax for FY24 was 15.62 crore, representing a significant 44.63% increase from 10.80 crore in FY23. The improvement in profitability was supported by our strategic initiatives aimed at expanding our product portfolio and entering new markets.
- **PAT Margin:** The PAT margin improved to 4.47% in FY24, up from 3.90% in FY23, underscoring our ability to deliver sustainable growth while maintaining financial discipline.

2. Key Business Lines and Operational Highlights

Fredun Pharmaceuticals Ltd operates across several key business segments, each contributing to our overall growth and success. Below is a detailed overview of our performance across these segments:

a. Fredun Generics

Our Generics Division, marketed under the Fredun Gx brand, continued to be a significant contributor to our revenue:

- **Product Expansion:** In FY24, we launched over 110 products under the Fredun Gx brand in India. These products span various therapeutic categories, including Anti-Diabetics, Anti-Hypertensives, Anti-biotics & Anti-fungal and more. The segment has shown consistent monthly growth of 3-5%, and we plan to add another 50 products by Q4FY25.
- **Market Penetration:** Our focus on increasing market penetration led to successful tie-ups with multiple distribution channels, enabling us to expand our reach across 17 States in India. Our products are now being supplied to institutions like the Indian Railways and the Defence sector.
- **Infrastructure and Compliance:** We have initiated the upgradation of our manufacturing facilities to meet next-level GMP standards, with PIC/s Accreditation expected by Q4FY25. This will enhance our ability to compete in International Markets, particularly in Southeast Asia and Africa.

b. Nutraceuticals and Dietary Supplements

The Nutraceutical Division under Fredun Nutrition experienced strong growth, driven by increasing demand for health and wellness products:

- **Product Portfolio:** We launched 34 new products in Maharashtra in Q4FY24, focusing on Immunity Boosters, Liver Support, and Fertility Enhancement, Whey Proteins. Key products include Mamalait, a Galactagogue that promotes lactation and builds immunity, and Fredmax, designed for energy, stamina, and performance in men.
- **Market Expansion:** Sales in Maharashtra have shown a consistent growth of 3-4% month-on-month, with plans to expand into additional districts in FY25. The division added 48 new products in FY24, with a target to launch 16 more by Q3FY25.
- **Awards and Recognition:** Mamalait was honoured with the ET Edge Best Healthcare Brand of 2024, recognizing our Commitment To Quality and Innovation in the nutraceuticals market.

c. Pet Healthcare

Fredun Pharmaceuticals Ltd has been making significant strides in the Pet Healthcare segment, operating under the Freossi brand:

- **Product Development:** In FY24, we launched 12 new products in the Pet Treat and Feed Supplement range, with an additional six drug products set to be launched by Q2FY25. Our affordable Pet Grooming range, introduced in Q4FY24, includes 43 products, and we expect revenue from this range to begin contributing significantly from Q2FY25.
- **Veterinary Diagnostics:** We are in the process of establishing one of the first dedicated Vet Diagnostic Centres for pets, which is expected to be operational by Q2FY25. This centre will enhance our ability to offer comprehensive pet healthcare solutions.
- **Market Expansion:** We have expanded our presence in Maharashtra and are targeting a Pan-India expansion by Q4FY25. Our exports to the GCC and MENA regions are also expected to grow by 10% quarter-on-quarter starting Q3FY25.

d. Cosmeceuticals

Our Cosmeceuticals Division, operating under the Bird N Beauty (BNB) and Beautyfred brands, is focused on innovative skincare and personal care products:

- **Product Launches:** BNB launched an entire premium segment of Emu oil-based products in FY24, leveraging the unique moisturizing and healing properties of Emu oil. The division is set to scale up with additional product launches throughout FY25.
- **Manufacturing Capabilities:** Our State-Of-The-Art lotion manufacturing unit at Palghar is now fully operational, with our balm manufacturing reaching full capacity and supplying nearly 1 million units in Q1FY25. These products are set to penetrate the domestic market across India by Q4FY25.
- **Retail Strategy:** Beautyfred, our commercial Cosmetics Division, has launched retail outlets at key Railway and Metro platforms across Mumbai, bringing our products closer to the consumer.

3. Global Expansion

Fredun Pharmaceuticals Ltd has continued to expand its global footprint, focusing on markets with high growth potential:

- **Registrations and Approvals:** As of FY24, we have successfully secured 697 product registrations cumulatively across various regions. Additionally, we have 394 more products currently under registration. These efforts are concentrated in key regions such as Southeast Asia, Africa, and the GCC, positioning us to further penetrate these markets with our generic and nutraceutical products.
- **Export Growth:** Our exports are projected to grow at 15% year-on-year, bolstered by these new registrations and our strategic partnerships in these regions.

4. Dividend

In recognition of the company's strong financial performance, the Board of Directors is pleased to recommend a final dividend of 7% on the paid-up equity shares for the year ended March 31, 2024. This dividend reflects our commitment to sharing the company's success with our shareholders while ensuring sufficient reinvestment for future growth.

5. Directors and Key Managerial Personnel

The year saw the reappointment of Mr. Fredun Medhora as Managing Director, a decision that reflects the Board's confidence in his leadership and vision for the Company. The Board also confirms that all independent directors meet the independence criteria as required by the Companies Act, 2013.

6. Internal Financial Controls

Your Company has robust internal financial controls in place to ensure the accuracy and reliability of financial reporting. These controls are designed to provide reasonable assurance regarding the effectiveness and efficiency of operations, the reliability of financial reporting, and compliance with applicable laws and regulations. During the year, the Board reviewed the adequacy and effectiveness of these controls and is satisfied that they are functioning effectively.

7. Human Resources and Employee Development

Fredun Pharmaceuticals Ltd recognizes that our employees are our greatest asset. Throughout FY24, we continued to invest in our workforce through strategic recruitment, comprehensive training programs, and employee engagement initiatives. These efforts are aimed at fostering a motivated, skilled, and adaptable workforce capable of driving our growth objectives. We are committed to creating a work environment that promotes diversity, innovation, and professional development.

8. Environmental, Health, and Safety (EHS) Initiatives

We remain committed to maintaining high standards of Environmental, Health, and Safety Practices across all our operations:

- **Energy Conservation:** We conducted regular energy audits and implemented energy-saving measures across our manufacturing units. Our ongoing efforts to improve energy efficiency include the installation of energy-efficient equipment and the adoption of best practices in energy management.
- **Waste Management:** The Company has made significant investments in wastewater treatment facilities to ensure that no wastewater is discharged outside the manufacturing units. Regular monitoring of waste sludge is conducted in collaboration with the Maharashtra Pollution Control Board (MPCB).

- Health and Safety: We prioritize the health and safety of our employees, with continuous improvements in safety protocols, regular training sessions, and health monitoring programs.

09. Future Outlook

As we look to the future, Fredun Pharmaceuticals Ltd is well-positioned to capitalize on emerging opportunities in the global pharmaceutical and healthcare markets. Our focus remains on expanding our product portfolio, enhancing our manufacturing capabilities, and entering new markets. With our strong financial position, committed workforce, and strategic vision, we are confident in our ability to deliver sustainable growth and create long-term value for our shareholders.

10. Acknowledgments

The Board of Directors wishes to express its gratitude to all Stakeholders, including our Shareholders.

Warm Regards
Fredun Medhora

MANAGEMENT DISCUSSION & ANALYSIS REPORT

Global Economy

Global Economy: Signs of Progress but Challenges Remain

The global economic recovery has shown surprising strength, with the ongoing geopolitical tensions and a cost-of-living crisis notwithstanding. Inflation has eased faster than expected, with minimal disruption to jobs and economic activity. This resilience is due to improvements in supply chains and central banks effectively managing inflation through interest rate adjustments. However, continued supply disruptions, high borrowing costs, and reduced government stimulus due to high debt levels are likely to dampen progress in 2024.

While central banks' actions have curbed inflation, they have also pushed up interest rates, leading to higher mortgage costs and tighter credit, leading to some corporate bankruptcies and reduced investment, particularly in commercial real estate. Despite these challenges, a severe recession was avoided owing to timely adjustments by central banks, pandemic savings that acted as a buffer, and changes that softened the impact of rate hikes on mortgages.

Outlook

Global economic growth is projected to hold steady at 3.2% in both 2024 and 2025, falling short of historical averages. This is attributed to tighter monetary policies, reduced government stimulus, and sluggish productivity. While advanced economies, particularly the euro area may experience slight growth improvements, emerging markets are likely to see stable but uneven growth across regions through 2025.

Indian Economy

India's Strong Economic Growth Expected to Continue

India's robust economic growth, driven by manufacturing and services, is expected to extend into the next fiscal year. Strong government investments in infrastructure, rising private investment, and a confident consumer base will be key growth drivers. Inflation is expected to follow global trends and decline over time.

The Indian government's focus on infrastructure development, fiscal discipline, and a business-friendly environment is expected to boost manufacturing competitiveness, exports, and future growth. Initiatives like a significant increase in government spending and investments in housing are expected to further stimulate economic activity. Stable interest rates and a supportive monetary policy are expected to encourage private investment and credit expansion.

Outlook

Even with a slight slowdown in 2024 and 2025, India's economy is projected to stay robust. Public and private investments, along with a gradually improving rural economy, will improve growth. Exports may face headwinds in 2024 but are expected to pick up in 2025. Government policy will prioritize growth by managing inflation and maintaining investment spending, leading to a projected decrease to 7.0% growth in 2024, followed by a rebound to 7.2% in 2025.

Global Pharmaceutical Industry

The global pharmaceutical industry experienced a significant slowdown in output growth in 2023 to just 0.5% increase - after a whopping 17.3% increase in 2021 and 6.8% in 2022, following a surge in production driven by COVID-19 vaccines in the previous two years. However, a rebound is expected in 2024, with growth projected at 4.6% and 5.1% for output and sales respectively. This growth will be led by the Asia Pacific region

and continued, though reduced, vaccine production.

While the outlook is positive, there are both opportunities and challenges ahead for the pharmaceutical industry. An aging population creates a growing demand for specialty drugs, medications for chronic conditions, and generic drugs. Additionally, increasing healthcare access in emerging markets presents a significant growth opportunity. However, high inflation and interest rates may limit consumer spending on non-essential medications. Furthermore, government efforts to control healthcare costs through drug pricing regulations could impact industry profits and R&D investment. Despite these challenges, the industry's strong financial health augurs well for continued innovation and development.

Strengths and growth drivers

The pharmaceutical industry boasts several key strengths that position it for continued growth.

- The industry's inherent resilience stems from the essential nature of its products. Unlike cyclical sectors, pharmaceuticals are less susceptible to economic fluctuations, as people prioritize their health even during downturns.
- Demographic trends are a powerful tailwind. Aging populations in developed countries and China are generating demand for various medications, including over-the-counter options, generics, and treatments for chronic conditions.

Beyond established markets, the rise of emerging economies presents a wealth of new opportunities.

- As healthcare systems improve and disposable incomes rise, these markets will see a surge in demand for pharmaceuticals, particularly generics and OTC drugs.
- The industry is embracing digital technologies like AI and big data analytics to streamline drug development, clinical trials, and patient care. This technological revolution enhances efficiency and holds immense potential for future growth.
- Strong financial backing from banks and investors ensures continued access to external financing, crucial for the industry's high research and development costs.

Constraints and risks

While the industry remains buoyant owing to several opportunities, there are a few challenges looming which include:

- expiring patents on top-selling drugs that will pressure companies to ramp up R&D spending,
- government cost-cutting measures and public pressure on drug pricing could squeeze profits environmental concerns regarding pharmaceutical waste will pose a potential reputational risk

Indian Pharmaceutical Industry

India's pharmaceutical industry, a giant in the global market, is expected to scale new heights by 2047. This "pharmacy of the world" is a major provider of affordable medications, supplying over 20% of the global market and 60% of global vaccines. Government initiatives and a vast, adaptable network position India as a key player driving healthcare advancements worldwide. The industry, currently valued at \$50 billion, has a significant opportunity for expansion. With a focus on innovation, the industry could potentially grow to \$120-130 billion over the next decade.

The Indian pharmaceutical industry is embracing change. Some key emerging trends in the industry are as follows:

Domestic Market: Government policies and a shift in focus from brand-doctor relationships to specialty drugs and local market development will drive domestic growth. Additionally, stricter quality standards will benefit reputable manufacturers.

Exports Market: While exports may face challenges, Indian companies are adapting by offering a wider range of drugs and focusing on innovative drug delivery methods.

Digital Technology: As the industry embraces digitalization, robust cybersecurity is becoming crucial.

Furthermore, a growing emphasis on sustainability through green manufacturing practices reflects India's commitment to environmental responsibility and long-term success.

Generic Drug Industry

The Global generic drugs market size is estimated at USD 413.60 billion in 2024, and is expected to reach USD 508.79 billion by 2029, growing at a CAGR of 4.23%. This would be driven by the rising prevalence of chronic diseases like diabetes and heart disease. These conditions require ongoing medication, and generic drugs offer a more affordable alternative to brand-name medications. This is particularly important in developing economies, where healthcare costs can be a significant burden.

The market is also being fueled by the expiration of patents on blockbuster drugs, paving the way for a surge in generic versions. Oral medications are expected to dominate the market due to their ease of use and safety. North America is expected to remain the leading market for generic drugs. This is due to a combination of factors, including the high prevalence of chronic diseases, a growing focus on cost-effective treatments, and an increasing demand for medications in general. The rising incidence of conditions like diabetes and lung cancer is creating a significant demand for generic drugs in this region.

However, stringent government regulations and potential supply chain issues could pose challenges to the market's growth.

India's generic drug industry is a flourishing contributor to the global pharmaceutical market. Driven by factors like cost-effectiveness, a growing demand for affordable healthcare, and a robust infrastructure for producing pharmaceuticals, the industry is anticipated to experience impressive growth at a CAGR of 6.02% through 2030. This growth is likely to be further bolstered by the government's initiatives to promote generic drug use and incentivize domestic manufacturing.

Pet Care Industry

The global pet care market is booming, driven by a surge in pet ownership and a growing trend of pet humanization. People are increasingly viewing their pets as family members, leading to a rise in spending on pet products and services. This includes everything from food and healthcare to grooming, insurance, and even activity trackers. The pet care market is poised for growth, with a projected increase from USD 20.02 billion in 2024 to USD 24.59 billion by 2029. This translates to a CAGR of 4.20%. Rising disposable incomes, and the willingness of people to invest in their pets' wellbeing are the primary factors influencing the growth of the pet care industry. Additionally, the pandemic led to a surge in pet adoption, with many finding companionship, and emotional support from furry friends. This has also accelerated the pet humanization trend, with owners treating their pets to premium products and services.

The market is further powered by technological advancements, with innovative products like location trackers and smart toys hitting the shelves. However, the high cost of quality pet care products may limit accessibility for some pet owners. Despite this challenge, the future of the pet care market looks bright, with online shopping and subscription-based services offering convenient and potentially cost-effective ways for pet owners to show their love. The North American market dominates with the largest share due to high spending on pet care products and services.

The Indian pet care market is projected to grow at a CAGR of 17.08%, reaching USD 1.87 billion (INR 149.6 billion) by 2029. India's pet market is also growing with rising pet ownership. Businesses are expanding product lines and accessibility to meet this demand. Newcomers can win by offering innovative services, premium products, and specialized healthcare, while focusing on underserved segments, sustainability, and technology. Understanding modern pet owner preferences is key to success.

Nutraceuticals Industry

The global nutraceuticals market size is estimated at USD 488.41 billion in 2024, and is expected to reach USD 626.02 billion by 2029, growing at a CAGR of 5.09%. The nutraceutical market is thriving, propelled by an increasing focus on preventive healthcare and a greater awareness of the significance of good nutrition. This trend gained momentum during the COVID-19 pandemic, which highlighted the vital link between diet and immune health. Consumers are increasingly seeking out nutraceutical products that offer medical benefits, with antioxidants, probiotics, and healthy fats gaining popularity for their potential to manage chronic conditions like diabetes and heart disease.

The market is also witnessing a shift towards more convenient and appealing delivery formats. Gone are the days of just pills and capsules. Consumers now have a variety of options, including gummy bears, snack bars, and even single-serving fortified products. This innovation, coupled with the rising popularity of functional foods and beverages that are infused with nutraceutical ingredients, is attracting a wider range of health-conscious consumers. The online retail sector is also playing a key role in market growth, offering convenient access to a vast array of nutraceuticals. However, regulatory hurdles and seasonal fluctuations in demand remain challenges that the industry needs to navigate. Overall, the future of the nutraceutical market looks bright, with a focus on natural and organic ingredients and a growing demand for products that promote overall well-being.

Europe is a particularly strong market for nutraceuticals, with countries like France, Italy, and Germany leading the way. This is due in part to a growing elderly population seeking anti-aging solutions. Stricter regulations in Europe are also pushing the industry towards products with well-established health benefits. India nutraceuticals market is projected to grow at a CAGR of 13.5% from 2024 to 2030. Consumers are embracing healthier diets and disease prevention, driving demand for these products. Rising health

access are empowering this trend. Manufacturers are responding with innovative options and AI-powered personalization. Mergers and acquisitions are on the rise, and stricter regulations ensure product safety. With a growing elderly population, the future looks bright for nutraceuticals in India.

Cosmeceuticals Industry

The cosmeceutical market is thriving, driven by a growing consumer desire for effective beauty solutions. This market is estimated at USD 180.67 billion in 2024, and is expected to reach USD 248.70 billion by 2029, a CAGR of 6.60%. Unlike traditional makeup, cosmeceuticals address the root causes of skin and hair concerns, offering a more permanent approach to achieving a youthful appearance. This has significantly boosted demand for these products within the cosmetics industry.

Several factors are contributing to its market growth:

- The aging population is increasingly seeking anti-aging products to maintain a youthful look.
- Rising disposable incomes in developing economies like China and India are fuelling consumer spending on cosmeceuticals.
- These products are also gaining popularity due to a growing preference for natural ingredients and a heightened awareness of dermatological treatments.

The Asia-Pacific region is expected to witness the fastest growth in the cosmeceutical market going forward on the back of increasing urbanization, rising disposable incomes, and a growing emphasis on personal care among millennials. Social media trends are also playing a role, with consumers increasingly influenced by the pressure to look their best. The market is further bolstered by the presence of established cosmeceutical consumers in countries like Japan, making it a gateway to other Asian markets.

India's cosmeceutical industry is on a roll. Consumers are replacing regular makeup for cosmeceuticals that tackle skin and hair concerns for real. Rising disposable incomes, a growing focus on natural ingredients, and a larger demographic of people seeking anti-aging solutions are fostering this growth. Although regulations and fake products pose challenges, advancements in technology and online sales are propelling the market forward. Expect to see continued growth in the Indian cosmeceutical industry.

• Generics

In the past fiscal year, Fredun Pharmaceuticals Ltd experienced substantial growth in the export business. 65% of our exports are attributed to our own branded products -- Fredun Generics, while the remaining 35% come from OEM exports. Notably, we either jointly or fully own the registrations for products that are part of our OEM exports, which gives us a level of indirect control and effectively makes these clients captive to our business. This control has contributed to our international expansion, demonstrated by our securing over 697 product registrations globally, with an aim to reach 750 by the next fiscal year. Our government and institutional sales have also seen a significant uptick, growing approximately 75% quarter-over-quarter in the last quarter of FY24. We have secured multiple contracts worth over 50 crores from our key Export & Domestic Markets. Production of these contracts is under progress and will be formalised by the end Q2FY25. Alongside this robust growth, we are planning to roll out 50 new OEM products in categories such as Food Supplements, Nutraceuticals, Cosmetics, and Personal Hygiene.

Our Vintage Product Division witnessed a phenomenal growth, as sales in FY24 stood at Rs. 240 Crores. Additionally, our Balm and Lotion manufacturing unit has picked up and we have already manufactured 1 Million Units each .

One of our standout products is Chuu Balm, which is currently the most potent and the most affordable balm in the market, specifically priced to ease the suffering of economically disadvantaged communities.

We have started penetrating into retail segments and across PAN Maharashtra and target to enter other 3 States Q3 & Q4 FY25.

Fredun specializes in manufacturing various formulations made from MCHC ('Microcrystalline Hydroxyapatite Complex') a natural source of Calcium & Phosphorus for animals, with a time-tested and clinically proven efficacy for more than 60 years. The Company is also credited as the largest manufacturer of MCHC in India. Fredun ensures superior quality control of raw materials and finished products and gets the quality approval of all their products from a professional laboratory run by highly qualified personnel.

In FY24, we introduced 14 new products in the pet pharmaceuticals line. We also plan to add another 10 products by Q3FY25. We also launched 16 products in our Pet Treat and Nutritional Supplement category and plan to add 39 more soon. We believe these new additions will significantly boost our sales. In Q4 FY23, we rolled out a new, budget-friendly Pet Grooming product line that consists of 43 products. We'll be adding 19 more products to this line soon, and we are beginning to see the revenue from this range from the beginning of FY25. We are the only Company in India with access to patented tech pertaining to Pet Surgeries which we are in the process of launching in the coming months. We are also proud to be the first company in India to offer targeted functional foods for pets. In fact, we are the only company in India that offers a complete range of pet care products, from medication, and food, to diagnostics/surgery support and more. Our goal is to become a one-stop shop for all pet care need. Our specialised cosmetic line has been developed and soft launch has been conducted we are planning to name a Grand Launch Q4FY25.

• Cosmeceuticals

Fredun has turned out to be a pioneer in launching the Emu Oil enriched products range in India, under its brand Bird and Beauty or BnB. The Company offers a unique line of luxury personal care formulae with pure, fully refined Emu Oil of the highest quality.. Used by Australian Aborigines for centuries, Emu Oil is coveted for its rich moisturizing benefits for hair, skin, and nails. It contains a balance of nourishing Omega 3, 6, and 9 essential fatty acids. The Emu Oil is humanely acquired from free-range, hormone-free birds and is gently refined using an advanced, proprietary, and chemical-free process that produces clear, odourless, and a highly stable oil. The formulations have been made after years of research and clinical trials at our own facility.

Launched in 2022, the products cater to skin care, hair care and body care. The Company is marketing the products primarily through e-commerce platforms. As the research is on-going for multiple products, BnB will scale up the launch of more products in the segments in the coming years.

We have added 48 new products under the Cosmeceuticals OEM division.

a) BeautyFred®: In the mass-market segment we launched our beauty and personal care brand, Beautyfred. We are in the process of launching a comprehensive array of 100 + products under 'BeautyFred'. These products are being introduced in a carefully planned, phase-wise manner over an 18-month period.

b) Bird and Beauty (BnB)®: We are promoting a specialised group of 24 products to dermatologists throughout India in an ethical manner. We plan to expand this range by launching additional products by Q4FY25. Production has already started in our newly established, state-of-the-art lotion manufacturing unit located in Palghar, initiated with a trial order this past December. This unit was fully operational and commercialised in Q3FY24.

• Fredun Mobility®

Capitalising on our existing distribution channels and under our brand name 'Brace On,' we are extending our product offerings to developed a new line of over 50 mobility products. This fiscal year we plan to launch 20 rehabilitation products. This range includes back braces, walking aids, and post-surgery support aids. We are working closely with Doctors/Physiotherapists/Trainers and other industry experts to penetrate the market.

Manufacturing

All the company's products are manufactured at Palghar, Maharashtra. Third party manufacturing of products are done at 16 different locations all over India. The Company initiated the construction of its specialized F&D Lab at Palghar in FY2021. This lab was set up to cater to various new product developments and support the launch of 1000+ registrations which are in pipeline over the next 4 years. The Company also commissioned a state-of-the-art Warehousing Facility totalling to 160,000 Sq. ft. capacity.

The Company has leveraged its leadership position in manufacturing MCHC and entered the Bone Graft space. Fredun plans to stand out in the market by using the Xenograft technology, that would have a higher collagen content than the global leader in this space. Products from Xenograft technology are superior to the currently used synthetic products available in the market.

During FY24, Fredun set-up a dedicated area for manufacturing the Super Speciality Bone Graft product - FREOSSI® Granules & FREOSSI® Putty.

By Q3FY25 end we will install a new automatic tube filling machine imported from Italy which will double our daily filling capacities.

We will increase our Ointment manufacturing capacities by 200% by end of the FY 25 by adding 3000 kg capacity per day of ointment / topical from our manufacturing vessel lines.

Automatic cartonators have been installed in Q1&Q2 FY25 reducing dependency of manpower by over 70% in ointment packing .

Our seventh granulation installation which shall be completed by end of Q3FY25 and which will increase our granulating daily capacity output by 2 tons per day.

Outlook

Fredun anticipates the sales growth of 16% and has an ambitious plan to continue the growth at a continuous average rate of 15- 18%. This projected growth includes sales from a wide range of 162 products. These will be distributed through generic channels across India, as well as sold to high-end government hospitals and other institutions. Apart from trade generics, all the four branded segments are just starting to pick up pace. Revenue from Nutraceuticals and Human Protein Supplements will cross USD 2 million in FY25. On the back of this, Fredun aims to continue to grow at 25-30% CAGR between FY24 to FY26, increase the revenue contribution from non-pharma segments from ~3% in FY23 to 15-20% by FY27 and alongside achieve an EBITDA margin of 15-18%.

The Company is under upgradation to meet standards and requirement of PIC's, Audit scheduled Q2FY25.

Opportunities and Threats

Opportunities

Generics

The substantial growth in Fredun Generics' export business highlights a robust market demand for their branded products. The control over OEM exports, along with the ownership of product registrations, positions the company advantageously for further international expansion. The successful launch and promising sales of the Chuu Balm, specifically designed for economically disadvantaged communities, indicates a socially responsible and potentially lucrative market segment. The expansion into government and institutional sales provides a stable and scalable revenue stream.

Pet Healthcare

The pet healthcare segment is growing rapidly, and Fredun's comprehensive product portfolio, including MCHC-based supplements, positions it as a market leader in India. The introduction of new products, especially in pet grooming, pharmaceuticals, and nutritional supplements, opens multiple revenue streams. The company's unique access to patented technology for pet surgeries and its range of targeted functional foods for pets can significantly differentiate Fredun from competitors. Expansion into the large animal segment further broadens the market potential.

Nutraceuticals

The increasing consumer awareness and demand for personal health care products with natural ingredients provide a fertile ground for Fredun's nutraceuticals. The development and phased introduction of new products ensure a steady pipeline of innovative offerings. The focus on ethically promoting these products to select demographics before a nationwide rollout is a strategic approach to building brand trust and loyalty.

Cosmeceuticals

Fredun's pioneering introduction of Emu Oil-infused products under the Bird and Beauty brand taps into a niche but growing market. The focus on luxury personal care products with natural ingredients caters to the premium segment, which is less price sensitive. The expansion of the BeautyFred® and BnB® lines, along with the new state-of-the-art manufacturing unit, provides ample growth opportunities. The strategic marketing through e-commerce platforms can significantly increase reach and accessibility.

Fredun Mobility®

The introduction of the 'Brace On' product line leverages Fredun's existing distribution channels, providing a seamless entry into the mobility aids market. Collaboration with doctors, physiotherapists, and trainers can enhance product credibility and adoption. The growing awareness and demand for mobility aids due to an aging population and increased prevalence of chronic conditions present a significant market opportunity.

Threats/Challenges

Generics

The competitive landscape in the generics market could pose significant challenges, especially from well-established global and local players. Regulatory hurdles in different countries might delay or restrict product registrations and market entry. Economic fluctuations and geopolitical factors could impact international sales and the stability of export markets. The dependency on the successful rollout and acceptance of new products could affect revenue projections if market penetration falls short.

Pet Healthcare

The pet healthcare market is highly competitive, with numerous established brands. Ensuring consistent quality and efficacy of products is critical, as any lapse could harm the brand's reputation. Regulatory approvals for new products can be time-consuming and costly. Additionally, fluctuations in raw material prices or supply chain disruptions could impact production and profitability.

Nutraceuticals

The nutraceutical market is crowded, with numerous players offering similar products. Regulatory scrutiny over health claims and ingredient safety can pose significant challenges. The success of new product launches depends heavily on consumer acceptance and market demand. Economic downturns can affect discretionary spending on health supplements, potentially impacting sales.

Cosmeceuticals

The cosmeceutical market is highly competitive, with major global brands dominating the space. Ensuring the ethical sourcing of Emu Oil and maintaining consistent product quality is crucial to brand credibility. The reliance on e-commerce platforms means facing fierce competition and potentially high marketing costs. Regulatory changes concerning cosmetic ingredients can impact product formulations and approvals.

Fredun Mobility®

The mobility aids market is competitive, with numerous established and emerging players. Ensuring product quality and efficacy is paramount, as any failure could lead to significant reputational damage. The market penetration depends heavily on effective partnerships with healthcare professionals. Economic factors and healthcare policies can influence the purchasing power of the target demographic, potentially affecting sales.

We are extending our product offerings through our new brand .We plan to capitalize on our existing distribution channels and have developed a new line of over 50 mobility products. We have launched 15 + products in the Q2FY24.

We have initiated two more brands under

Digital Thermometer

Piston Compressor Nebulizer

Risk Management

Fredun is dedicated to conducting business in accordance with all relevant statutory laws, official announcements, and regulations. Given the intricate and tightly regulated structure of the global pharmaceutical industry, in which Fredun participates, the Company may be susceptible to risks typical of the sector, such as concerns about the quality and safety of the company's products, disputes over intellectual property, and regulatory delays, among other things. If not appropriately handled, these risks could result in fines, product recalls, brand/reputation loss, and income loss. In this situation, it is crucial to react to risk using a comprehensive framework for risk mitigation that may support the Company in keeping a consistent level of product quality, patient and staff safety, and long-term sustainability. The risks that are specific to the pharmaceutical industry are addressed, as are any others that might have an influence on our strategic objectives.

Our concern is to ensure that each of our employees exercise their full potential in line with the business strategy of their respective departments. The number of employees as of March 31, 2024, stood at 254 .

Internal Control Systems and Adequacy

The Company maintains effective and adequate Internal Control Systems as per its size and complexity. Fredun believes that these systems provide a reasonable assurance that transactions are executed with management authorisation, among other things. It also ensures that they are recorded in all material respect to permit preparation of financial statements in conformity with established accounting principles along with the assets of the Company being adequately safeguarded against significant misuse or loss. An independent Internal Audit function is an important element of Company's Internal Control System. This is supplemented through an extensive internal audit programme and periodic review by the management and the Audit Committee of Board.

I. SECRETARIAL AUDIT

Ms. Kala Agarwal, Practicing Company Secretary have conducted the Secretarial Audit of the Company for the Financial Year 2023-24 Their Audit Report confirms that the Company has complied with the applicable provisions of the Companies Act, 2013 and the rules made there under, Listing Agreements with the Stock Exchange, Listing Regulations, applicable SEBI Regulations and other Laws applicable to the Company. The Secretarial Audit Report forms part of this Report.

J. REQUEST TO SHAREHOLDERS

Shareholders are requested to follow the general procedure / steps as detailed hereunder thus enabling the Company to serve them efficiently and avoid any risks while dealing in the securities of the Company.

•Demat of Shares:

Shareholders are requested to convert their physical holding to demat / electronic form through any of the DPs to avoid any possibility of loss, mutilation etc., of physical share certificates and also to ensure safe and speedy transaction in securities. Any investor who is desirous of transferring shares (which are held in physical form) after April 01, 2023 can do so only after the shares are dematerialized, except for transmission (i.e., transfer of title of shares by way of inheritance / succession) transposition (i.e., re-arrangement / interchanging of the order of name of shareholders) cases.

•Registration of Electronic Clearing Service (ECS) mandate:

SEBI has made it mandatory for all Companies to use the bank account details furnished by the Depositories for payment of Dividend through ECS to investors wherever ECS and bank details are available. The Company will not entertain any direct request from Members holding shares in electronic mode for deletion of / change in such bank details. Members who wish to change such bank account details are therefore requested to advise their DPs about such change, with complete details of bank account.

ECS helps in quick remittance of Dividend without possible loss / delay in postal transit. Shareholders, who have not earlier availed this facility, are requested to register their ECS details with the STA or their respective DPs.

• **Consolidation of multiple folios:**

Shareholders, who have multiple folios in identical names, are requested to apply for consolidation of such folios and send the relevant share certificates to the Company.

• **Registration of Nominations:**

Section 72 of the Act, 2013 provides facility for making nominations by shareholders in respect of their holding of shares. Such nomination greatly facilitates transmission of shares from the deceased shareholder to his / her nominee without having to go through the process of obtaining succession certificate / probate of the Will, etc.

It would therefore be in the best interest of the shareholders holding shares in physical form registered as a sole holder to make such nominations. Shareholders, who have not availed nomination facility, are requested to avail the same by submitting the nomination in Form SH-13. This form will be made available on request. Investors holding shares in demat form are advised to contact their DPs for making nominations.

• **Update of address:**

Shareholders are requested to update their addresses registered with the Company, directly through the STA, to receive all communications promptly.

Shareholders, holding shares in electronic form, are requested to deal only with their DPs in respect of change of address and furnishing bank account number, etc.

• **SMS Alerts:**

Shareholders are requested to note that NSDL and CDSL have announced the launch of SMS alert facility for demat account holders whereby shareholders will receive alerts for debits / credits (transfers) to their demat accounts a day after the transaction. These alerts will be sent to those account holders who have provided their mobile numbers to their DPs. No charge will be levied by NSDL / CDSL on DPs providing this facility to investors. This facility will be available to investors who request for the same and provide their mobile numbers to the DPs. Further information is available on the website of NSDL and CDSL namely www.nsdl.co.in and www.cdslindia.com respectively.

• **Timely encashment of Dividends:**

Shareholders are requested to encash their Dividend Warrants promptly to avoid hassles of revalidation.

As required by SEBI, shareholders are requested to furnish details of their bank account number and name and address of the bank for incorporating the same in the warrants.

Shareholders are requested to note that the Dividends, not claimed for a period of seven years from the date they first became due for payment, shall be transferred to IEPF in terms of Section 124(6) of the Act, 2013 read with Investor Education & Protection Fund (IEPF) Authority (Accounting, Audit, Transfer and Refund) Rules, 2016.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF FREDUN PHARMACEUTICALS LIMITED

I. Report on the Audit of the Standalone Financial Statements

1. Opinion

We have audited the accompanying Financial Statements of **FREDUN PHARMACEUTICALS LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss (including comprehensive income), Cash Flow Statement and the statement of changes in Equity for the year then ended and summary of significant accounting policies and other explanatory information, (herein referred to as "Standalone Financial Statements")

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date

2. Basis for Opinion

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

3. Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Standalone Financial Statements and our auditor's report thereon. Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

4. Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

5. Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs specified under section 143(10), we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

(i) Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

(ii) Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

(iii) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

(iv) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

(v) Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

II. Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

(a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

(b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

(c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.

(d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.

(e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164 (2) of the Act.

(f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to financial statements.

(g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

(h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

(i) The Company has disclosed the impact of pending litigations on its financial position in its Financial Statements.

(ii) The company did not have any long-term contracts including derivatives contracts for which there were any material foreseeable losses.

(iii) There has been delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company. The Company was required under section 124 (1) and 124 (6) of the Act to transfer its dividend and equity shares, where the dividend is not claimed for last seven years to Investor Education and Protection Fund for financial year 2015-16, however there is a delay in transfer of dividend and equity shares to Investor Education and Protection Fund the due date of transfer was 3rd December, 2023 but the same is not transferred as on balance sheet date.

(iv)

(a)The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b)The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c)Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

(v)As stated in note no – 41 of the standalone financial statements,

(a)The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with Section 123 of the Act, as applicable

(b)The Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act, as applicable.

(vi)Based on our examination, which included test checks, the Company has used accounting Softwares for maintaining its books of account for the financial year ended March 31, 2024 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year except for two days in a year ie – 01.04.2023 and 02.04.2023 and for all relevant transactions recorded in the Softwares. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Fredun Pharmaceuticals Limited of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of FREDUN PHARMACEUTICALS LIMITED ("the Company") as of March 31, 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal

financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system except for recording audit trail (edit log) facility and the same has operated throughout the year except for two days in a year over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Fredun Pharmaceuticals Limited of even date)

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

(i) Fixed Assets

(a) The Company has maintained proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment.

(b) During the year, the Property, Plant and Equipment of the company have been physically verified by the management as per the regular programme of verification which, in our opinion, is reasonable having regard to the size of the company and the nature of its assets. As informed, no material discrepancies were noticed on such verification.

(c) According to the information and explanations given to us and on the basis of examination of the records of the company, the title deeds of all the immovable properties (other than properties where the Company is the lessee, and the lease agreements are duly executed in favour of the lessee) disclosed in the financial statements are held in the name of the Company.

(d) The company has not revalued its Property, Plant and Equipment (including the right of use assets) and intangible assets during the year
No proceedings have been initiated during the year or are pending against the Company as at March 31, 2024 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rule made thereunder.

(ii) Inventories

(a) The inventory has been physically verified during the year by the management. In our opinion, the frequency of verification is reasonable.

(b) Based on our examination of the records of inventory, we are of the opinion that the company is maintaining proper records of inventory.

(c) During the year no discrepancies of 10% or more in the aggregate of each class of inventory were noticed.

(d) The company has sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, at any points of the time during year, from banks or financial institutions on the basis of security of current assets.

(e) The quarterly returns or statements filed by the company with financial institutions or banks are in agreement with the books of accounts of the company.

(iii) Details of investments, any guarantee or security or advances or loans given

(a) The Company has not provided any loans or advances in the nature of loans or stood guarantee, or provided security to any other entity during the year, and hence reporting under clause 3(iii)(a) of the order is not applicable.

(b)In our opinion, the investments made and the terms and conditions of the grants of loans, during the year are, prima facie, not prejudicial to the company's interest.

(c)In respect of loans granted by the Company, the schedule of repayment of principal and payment of interest has been stipulated and the repayments of principal amounts and receipts of interest are generally been regular as per stipulation.

(d)In respect of loans granted by the Company, there is no overdue amount remaining outstanding as at the balance sheet date.

(e)No loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties.

(f)The Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year. Hence, reporting under clause 3(iii) (f) is not applicable.

(iv)In our opinion and according to the information and explanations given to us, the company has complied with the provisions of section 185 and 186 of the Companies Act, 2013 In respect of loans, investments, guarantees, and security.

(v)In our opinion and according to the information and explanations given to us, the company has not accepted any deposits from public within the meaning of directives issued by Reserve Bank of India and the provisions of Section 73 to 76 of the Companies Act, 2013 or any other relevant provisions of Companies Act and the Rules framed there under. Hence the Companies (Acceptance of Deposit) Rules, 2015 with regard to the deposits accepted from the public are not applicable.

(vi)We have broadly reviewed the books of account maintained by the Company in respect of products where the maintenance of cost records has been specified by the Central Government under sub – section (1) of Section 148 of the Act and the rules framed there under and we are of the opinion that prima facie, the prescribed accounts and records have been maintained. However, we have not made detailed examination of cost records with a view to determine whether they are accurate or complete.

(vii) Statutory Dues

(a)According to the records of the company, the company is generally regular in depositing with appropriate authorities, undisputed statutory dues including provident fund, employees' state insurance, income-tax, Goods and Service tax, duty of customs, cess and any other material statutory dues applicable to it.

(b)According to the records of the company, there are no dues of income tax or sales tax or service tax or duty of customs or duty of excise or value added tax, Goods and Service tax which has not been deposited on account of any dispute.

(viii)There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961)

(ix)

(a)Based on our audit procedures and on the information and explanations given by the management, we are of the opinion that the company has not defaulted in repayment of loans or borrowing to a financial institution, bank, Government or dues to debenture holders

(b)The Company has not been declared willful defaulter by any bank or financial institutions or government or any government authority

(c)The term loans taken by the Company during the year were applied for the purpose for which loans were obtained.

(d)On an overall examination of the financial statements of the Company, funds raised on short terms basis have, prima facie, not been used during the year for long term purposes by the company.

(e)On an overall examination of the financial statements of the Company, the Company do not have Subsidiaries Company during the year and hence reporting on clause 3(ix)(e) of the order is not applicable.

(f)The Company has not raised any loans during the year and hence reporting on clause 3(ix)(f) of the order is not applicable.

(x)

(a)The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the order is not applicable.

(b)The Company has made preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year and the requirements of section 42 and section 62 of the Companies Act, 2013 have been complied with and the funds raised have been used for the purposes for which the funds were raised.

(xi)

(a)No fraud by the Company and no material fraud on the Company has been noticed or reported during the year

(b)No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.

(c)We have taken into consideration the whistle blower complaints received by the Company during the year (and upto the date of this report), while determining the nature, timings and extent of our audit procedures.

(xii)The Company is not a Nidhi Company and reporting under clause(xii) of the order is not applicable

(xiii)

(a)In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.

(xiv)

(a)In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of the business.

(b)We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures

(xv)In our opinion during the year the Company has not entered into any non-cash transactions with its Directors or persons connected with its directors and hence provisions of section 192 of the companies Act, 2013 are not applicable to the Company.

(xvi)

(a)In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the order is not applicable.

(b)In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the order is not applicable.

(xvii)The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.

(xviii)There has been no resignation of the statutory auditors of the Company during the year.

(xix)On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examinations of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not assurance as to future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx)

(a)There are no unspent amounts towards Corporate Social Responsibility (CSR) on other than ongoing projects requiring a transfer to a Fund specified in Schedule VII to the companies Act in compliance with the second to sub-section (5) of section 135 of the said Act. Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable.

(b)In respect of ongoing projects, any amount remaining unspent under sub-section (5) of section 135 of the Companies Act, has been transferred to special account in compliance with the provision of sub-section (6) of section 135 of the said act. Accordingly, reporting under clause 3(xx)(b) of the Order is not applicable.

The standalone financial statements of the company for the year ended March, 31, 2024 are approved and Authorised for issue in accordance with resolution of the Board of Directors on May, 7, 2024

2. Basis of preparation

(a) Statement of compliance with Ind AS

The financial statements of the Company comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with relevant rules issued there under and other provisions of the Act.

All assets and liabilities are classified as current or non-current as per the company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the company has ascertained its operating cycle as 12 months for the purpose of current/non-current classification of assets and liabilities.

(b) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for certain financial assets and liabilities measured at Fair value.

(c) Use of estimates and judgements

The preparation of the financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

The areas involving critical estimates and judgements are:

- i) Estimation of useful life of property, plant and equipment**
- ii) Provision for inventories**
- iii) Impairment of trade receivables**

3. Significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these financial statements.

(a)Property, plant and equipment

Property, plant and equipment are stated at cost of acquisition, including any attributable cost for bringing the asset to its working condition for its intended use, less accumulated depreciation/amortization and impairment loss.

Losses arising from retirement and gains or losses arising from disposal of property, plant and equipment's are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss.

Property, plant and equipment not ready for the intended use on the date of Balance Sheet are disclosed as "Capital work-in-progress".

Depreciation is provided on straight line method over the estimated useful life as determined by management which is in line with that prescribed under Schedule II of the Act. Depreciation is provided on a pro-rata basis i.e. from the month on which asset is ready for use. The useful lives are reviewed by the management at each financial year-end and revised, if appropriate. In case of a revision, the unamortized depreciable amount is charged over the revised remaining useful life.

Property, plant and equipment and Furniture and fixtures, costing individually up to < 5,000 or less, are depreciated fully in the year of purchase. If the aggregate of such items constitutes more than 10 percent of the total actual cost, the depreciation rates applicable to such items are applied.

Depreciation/amortization for the year is recognized in the Statement of Profit and Loss.

A fixed asset is eliminated from the financial statements on disposal or when no further benefit is expected from its use and disposal. Depreciation on fixed assets added/ disposed off/ discarded during the year is provided on pro-rata basis with reference to month of addition/ disposal/ discarding.

Losses arising from retirement or gains or losses arising from disposal of fixed assets which are carried at cost are recognised in the Statement of Profit and Loss.

Subsequent expenditure

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

(b)Impairment

Property, plant and equipment and intangible assets are reviewed at each reporting date to determine if there is any indication of Impairment. For assets in respect of which any such indication exists and for intangible assets mandatorily tested annually or at period end for impairment, the asset's recoverable amount is estimated. An impairment loss is recognised If the carrying amount of an asset exceeds its recoverable amount.

For the purpose of impairment testing, assets are grouped together into the smallest group of assets (cash generating unit or "CGU") that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of an asset or CGU is the greater of its value in use and its net selling price. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

Impairment losses are recognised in the Statement of Profit and Loss. Impairment loss recognised in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU and then to reduce the carrying amounts of the other assets in the CGU on a pro rata basis.

If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists or has decreased, the assets or CGU's recoverable amount is estimated. For assets other than goodwill, the impairment loss is reversed to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised. Such a reversal is recognised in the Statement of Profit and Loss; however, in the case of revalued assets, the reversal is credited directly revaluation Surplus except to the extent that an on loss on the same revalued asset was previously recognised as an expense in the Statement Profit and Loss.

Impairment loss recognised for goodwill is not reversed in a subsequent period unless the impairment loss was caused by a specific external event of an exceptional nature that is not expected recur and subsequent external events have occurred that reverse the effect of that event

(c)Non-current assets held for sale

Non – current assets and liabilities are classified as held for sale if it is highly probable that they will be recovered primarily through sale rather than through continued use.

Such assets are generally measured at lower of their carrying amount and fair value less costs to seal. Losses on initial classification as held for sale and subsequent gains and losses on re-measurement are recognised in statement of Profit or Loss.

Once classified as held for sale, intangible assets, property, plant and equipment and investment properties are no longer amortised or depreciated.

(d)Inventories

Inventories which comprise of raw materials, work-in progress, finished goods, stock-in-trade, stores and Spares, and packing materials are carried at the lower of cost and net realizable value.

Cost of inventories comprises all costs of purchase cost of conversion and other costs incurred in bringing the inventories to their present location and condition.

In determining the cost, first in first out method is used. In the case of manufactured inventories and work in progress, fixed production overheads are allocated on the basis of normal capacity of production facilities. Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs make the sale.

The net realizable value of work-in-progress is determined with reference to the selling prices of related finished products. Raw materials and other Supplies held for use in the production of finish products are not written down below cost except in cases where material prices have declined it is estimated that the cost of the finished products will exceed their net realizable value

The comparison of cost and net realizable value is made on an item-by-item basis.

(e)Revenue Recognition

Revenue from sale of goods in the course of ordinary is recognised when property in the goods or all significant risks and rewards of their ownership are transferred to the customer and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of the goods and regarding its collection. The amount recognised as revenue is exclusive of goods and services tax (GST), and is net off returns, trade discount and quantity discounts.

Revenue from shared services is recognised as and when services are rendered and related costs are incurred, in accordance with the terms of the contractual agreement.

Interest income is recognised on time proportion basis after taking into account the amount outstanding and the interest rate applicable.

Export Incentives

Export benefits availed as per prevalent schemes are accrued each year in which the goods are exported and when no significant uncertainty exist regarding their ultimate collection.

Commission income is recognized as and when services are rendered, in accordance with the terms of the contractual agreement.

(f)Borrowing Cost

Borrowing costs that are attributable to the acquisition, construction or production of a qualifying asset are capitalized as part of cost of such asset till such time as the asset is ready for its intended use. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use. Borrowing costs consists of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost incurred on qualifying assets are capitalised and added to the cost of qualifying asset under work-in-progress. All other borrowing costs are recognised as an expense in the statement of profit and loss in the period in which they are incurred.

(g)Product expiry claims

Significant judgments are involved in determining the estimated stock lying in the market with product shelf life and estimates of likely claims on account of expiry of such unsold goods lying with stockists.

(h)Foreign Currency Transactions and Balances

(1)Functional and Presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment to which the entity operates ('the Functional currency'). The financial statements are presented in Indian Rupee (Rs), which is the Company's functional and presentation currency.

(2)Foreign currency transaction and balances

Transactions denominated in foreign currency are recorded at the exchange rates prevailing on the date of transactions. Exchange differences arising on foreign exchange transactions settled during the year are recognised in the Statement of Profit and Loss for the year.

Monetary assets and liabilities denominated in Foreign Currencies as at the balance sheet date are translated into Indian rupees at the closing exchange rates on that date, the resultant exchange differences are recognised in the Statement of Profit and Loss.

(i)Taxes on Income

Income tax expense comprises current and deferred tax. It is recognised in Statement of Profit and Loss except to the extent that it relates items recognised directly in equity or in Other Comprehensive Income.

(1)Current Tax

Tax expense for the year, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the year. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the taxation laws prevailing in the respective jurisdictions.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realize the asset and set off the liability on a net basis or simultaneously.

(2)Deferred Tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes

Deferred tax assets are recognised to the extent that it is probable that Future taxable profits will be available against which they can be used.

Unrecognized deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used, Deferred tax measured at the tax rates that are expected to be applied to deferred tax assets when they are realized or deferred tax liabilities when they are settled, using tax rates enacted substantively enacted at the reporting date.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously

(j)Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and financial liability or equity instrument of another entity.

(1)Financial Assets

The Company classifies financial assets as subsequently measured at amortised cost, Fair Value through other comprehensive income or fair value through profit and loss on the basis of its part of financial statements business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit and loss transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit and loss are expensed in statement of Profit and Loss.

The Company derecognizes a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds received,

The Company assesses on a forward-looking basis the expected credit loss associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk for trade receivables, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

The Company subsequently measures its investments in mutual Funds at Fair value through Statement of Profit and Loss.

(2)Financial Liabilities

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and definition of a financial liability and an equity instrument

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Financial liabilities are initially recognised at fair value, reduced by transaction costs (in case of financial liability not at fair value through profit and loss), that are directly attributable to the issue of financial liability. After initial recognition, financial liabilities are measured at amortised cost using effective interest method. The effective interest rate is the rate that exactly discounts estimated future cash outflow (including all fees paid, transaction cost, and other premiums or discounts) through the expected life of the financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition. At the time of initial recognition, there is no financial liability irrevocably designated as measured at fair value through profit and loss.

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

Trade and other payables represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid; they are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

(k) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the company or the counterparty.

(l) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability reflects its non-performance risk.

A number of the Company's accounting policies and disclosures require the measurement of Fair values, for both financial and non-financial assets and liabilities. When one is available, the Company measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. If there is no quoted price in an active market, then the Company uses valuation techniques that maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

The best evidence of the fair value of a financial instrument on initial recognition is normally the transaction price — ie. the fair value of the consideration given or received.

(m) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM). The CODM assesses the financial performance and position of the company, and makes strategic decisions.

(n)Provisions and Contingent Liabilities

The Company recognises a provision when there is a present obligation as a result of a past event, it is probable that an outflow of resources will be required to settle the obligation and in respect of which reliable estimate can be made.

Provisions for breakage and expiry

Cost of return on account of breakage and expiries are estimated on the basis of past experience. Provision is made in respect of cost for breakage and expiries in the year of sale of goods.

Contingencies

A disclosure for contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation and the likelihood of outflow of resources is remote, no provision or disclosure is made.

(o)Research and development

Expenditure on research activities, undertaken with the prospect of gaining new scientific or technical knowledge and understanding, is recognised in the Statement of Profit and Loss as and when incurred.

The development activities undertaken by the company are subject to technical, regulatory and other uncertainties, such that, in the opinion of management, the criteria for capitalization are not met prior to obtaining in marketing approval by the regulatory authorities in markets. Internal development costs that do not meet these criteria are therefore expensed as and when incurred.

(p)Earnings per share

Basic earnings per share is calculated by dividing the profit attributable to owners of the Company by the weighted average number of equity shares outstanding during the financial year. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding without a corresponding change in resources

For the purpose of calculating diluted earnings per share, diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(q)Cash and Cash Equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short term (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

4. Recent Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

Fair Value Hierarchy

The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Level 1: hierarchy includes financial instruments measured using quoted prices. The Company doesn't have investment in equity instruments that have quoted price.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2. Instruments in the level 2 category for the Company include forward exchange contract derivatives

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in this level. Instruments in level 3 category for the Company include unquoted equity shares.

Fair Value for Assets Measured at Amortised Cost

During the years mentioned above, there have been no transfers amongst the levels of hierarchy.

The carrying amounts of trade receivables, cash and cash equivalents, and other bank balances, current loans, other current financial assets, current borrowings, trade payables and other financial liabilities are considered to be approximately equal to the fair value.

Note - 38 Financial Risk Management

The Company's activities expose it to a variety of financial risk, including market risk, credit risk and liquidity risk. The company's primary risk management focus is to minimize potential adverse effect of market risk on its financial performance. The Company's risk management assessment, policies and process are established to identify and analyze the risk faced by the company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management policies and process are reviewed regularly to reflect changes in market conditions and the company's activities. The Board of Directors and the Audit Committee is responsible for overseeing the company's risk assessment and management policies and processes

Financial risk management

The company has exposure to the following risks arising from financial instruments

Credit risk
Liquidity risk and
Market risk

Credit risk:

Credit risk is the risk of financial loss to the company if a customer or counter party to a financial instrument fails to meet its contractual obligations, and arises principally from the company's receivables from customers. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the company grants credit terms in normal course of business. The company establishes an allowance for doubtful debts and impairment that represents its estimate of incurred losses in respect of trade and other receivables and investments

Trade and other receivable:

The company's exposure to credit risk is influenced mainly by the individual characteristic of each customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also has an influence on credit risk assessment. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the company grants credit terms in the normal course of business.

Expected credit loss assessment:

Exposure to customers outstanding at the end of each reporting period are reviewed by the company to determine and expected credit losses. Historical trends of impairment of trade receivables do not reflect any significant credit losses. Given that the macro economic indicators affecting customers of the company have not undergone any substantial change, the company expects the historical trend of minimal credit losses to continue. Further, management believes that the unimpaired amounts that are past due by more than 30 days are still collectible in full, based on historical payment behaviour and extension analysis of customer credit risk. The impairment loss at 31 March, 2024 related to several customers that have defaulted on their payments to the company and are not expected to be able to pay their outstanding balances, mainly due to economic circumstances.

Cash and cash equivalents:

As on 31 March, 2024 the company held cash and cash equivalents and other bank balances with credit worthy banks and financial institutions of Rs. 107.17/- (31 March, 2023 Rs. 294.65 /-). The credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be good.

Liquidity risk:

Liquidity risk is the risk that the company will not be able to meet its financial obligations as they become due. The company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the company's reputation

The Company manages its liquidity risk by regularly monitoring its rolling cash flow forecasts. The Company's operations provide a natural liquidity of receivables against payments due to creditors. Borrowings are managed through credit facilities agreed with the Banks, internal accruals and realisation of liquid assets. In the event of cash shortfalls, the Company approaches the lenders for a suitable term extension

Particulars	As at 31 March, 2024	As at 31 March, 2023

Fredun Pharmaceuticals Ltd.
Annual Report 2023-24

Market risk:

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from adverse changes in market rates and prices (such as interest rates, foreign currency exchanges rates) or in the prices of market risk - sensitive instruments as a result of such adverse changes in market rates and prices. Market risk is attributable to all market risk - sensitive financial instruments, all foreign currency receivables and payables and all short term and long - term debt. The Company is exposed to market risk primarily related to foreign exchange rate risk, interest rate risk and the market value of its investments. Thus, the Company's exposure to market risk is a function of investing and borrowing activities and revenue generating and operating activities in foreign currencies

Currency risk:

The fluctuations in foreign currency exchanges rates may have potential impact on the profit and loss account, where any transaction references more than one currency or where assets/liabilities are denominated in a currency other than the functional currency of the entity

Considering the countries and economic environment in which the company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risks primarily relate to fluctuations in USD against the respective functional currency of the company.

As of March 31, 2024, the Company's exposure to foreign currency risk, expressed in INR, is given in the table below. The amounts represent only the financial assets and liabilities that are denominated in currencies other than the functional currency of the Company.

Risk exposure and Asset Liability Matching

Provision of a defined benefit scheme poses certain risks, some of which are detailed hereunder, as companies take on uncertain long term obligations to make future benefit payments.

1. Liability Risks

a. Asset-liability Mismatch Risk:

Risk which arises if there is a mismatch in the duration of the assets relative to the liabilities. By matching duration with the defined benefit liabilities, the Company is successfully able to neutralize valuation swings caused by interest rate movements. Hence companies are encouraged to adopt asset-liability management.

b. Discount Rate Risk:

Variations in the discount rate used to compute the present value of the liabilities may seem small, but in practice can have a significant impact on the defined benefit liabilities.

c. Future Salary Escalation and Inflation Risk:

Since price inflation and salary growth are linked economically, they are combined for disclosure purposes. Rising salaries will often result in higher future defined benefit payments resulting in a higher present value of liabilities especially unexpected salary increases provided at management's discretion may lead to uncertainties in estimating this increasing risk.

2. Unfunded Plan Risk:

This represents unmanaged risk and a growing liability. There is an inherent risk here that the Company may default on paying the benefits in adverse circumstances, Funding the plan removes volatility in company's financials and also benefit risk through return on the funds made available for the plan.
